SUMMARY

Hi, my name is Dhansurrya. I am a Developer in Web Applications. My skillsets include JavaScript, CSS3, HTML5, wordpress, Craft CMS together with frameworks React JS. As a software developer, I love the process of turning dreams into reality by converting ideas into code. I have a serious passion for developing the top-grade UI with working logic to create a dynamic user experience. I enjoy working on challenging projects that require creativity and problem-solving skills. I always strive to learn new technologies and improve my coding skills.

EXPERIENCE

HTML Kitchen pvt ltd

01/03/2022

Present

I am a web developer with amazing skills and experience. I can create stunning websites that are responsive, fast, and user-friendly. I have expertise in HTML, CSS, JavaScript, and various frameworks and libraries. I can also work with databases and web servers. I am passionate about web development and always eager to learn new technologies and best practices.

PROJECTS

kaleesuwari

I work as a frontend developer for Kaleesuwari, an Ecommerce site that sells a variety of products online. I use html5, css3 and vanilla js to create responsive and user-friendly web pages that meet the design specifications and business requirements.

Lavos Performance

I am a web developer who also specializes in creating Shopify Ecommerce sites. This site is one of my projects that showcases my skills and experience in this field.

M2N Stationery

This project showcases our ability to create a high-quality single page static site in a very short time frame. We developed and delivered the site on the same day, meeting the client's specifications and expectations.
