Work Experience

HAVAS - POP, Chennai   July 2024 - Oct 2025
Front End Developer

- Developed and maintained responsive websites and email templates for diverse clients using HTML5, CSS3, JavaScript, and frameworks like Angular.
- Worked on CMS platforms such as Drupal and WordPress, customizing themes and implementing frontend functionalities.
- Translated UI/UX designs from Figma and Adobe XD into pixel-perfect, responsive web pages.
- Built reusable components, optimized performance, and ensured cross-browser compatibility across all major devices.
- Collaborated with cross-functional teams in an Agile environment, actively contributing to sprints and code reviews.

HTML Kitchen PVT, Coimbatore   Jan 2022 - Jul 2024
Front END Developer

- Developed and maintained front-end components. Enforced best practices in coding, user interface design, and performance optimisation.
- Collaborated closely with designers, backend developers, and project managers to translate project requirements into usable interfaces.
- I successfully managed multiple projects at the same time, prioritising tasks and meeting project deadlines.

Project Work

- **Sanofi (Standalone Project) -** Developed a standalone web application for a pharmaceutical brand, focusing on responsive UI, accessibility, and performance optimisation using Wordpress, HTML, CSS, JavaScript, and React.js .
- **Lavos** - Built responsive About, Contact, and Product Category pages for a modern innerwear brand, ensuring cross-device compatibility and visual consistency.
- **M2N Stationery & Crafts** - Led development of a responsive single-page website, delivering clean design and fast performance for a growing retail brand.
- **Blue Aqua Life** - Developed a scalable WordPress site using PHP, translating UI designs into dynamic, manageable pages for an aquaculture consulting firm.

Education

- **Velalar College of Engineering and Technology Erode** BE - Computer Science Engineering. 2018 - 2022 CGPA : 7.9/10
